

County of San Diego Planning Commissioners
c/o Department of Planning and Land Use
5201 Ruffin Road, Suite B
San Diego, CA 92123

Dear County of San Diego Planning Commissioners,

**I SUPPORT THE PROPOSAL TO EXPAND THE DRIVING RANGE AND
CONSTRUCT FIVE NEW HOMESITES AT
THE BRIDGES @ RANCHO SANTA FE**

As a resident and/or member of The Bridges at Rancho Santa Fe, I enthusiastically support the proposal to expand the Driving Range and construct five new homesites at The Bridges otherwise known as Alternative C of the Environmental Impact Report (applications: TM5270, MUP 85-084W-5, MUP 064-W4, SPA 01-004, SPA 03-006, VAC 03-018, B/C 03-0250, and B/C 03-0221).

The Bridges at Rancho Santa Fe has, from the outset, had a land plan and architecture throughout the community which reflects the highest quality and compatibility with its surroundings. Conversion of one parcel in Unit 6 into five new homesites are a modest change, entirely located within the confines of The Bridges Specific Plan, and is being done with mitigation for all impacts and with the highest possible sensitivity to neighboring properties.

The expansion of the driving range will fulfill a missing component of the golf course, and enable the Bridges to reach its full potential as a complete world-class golf facility. In addition, the golf members really need this improvement.

I encourage you to vote YES on this proposal!

SAN DIEGO LAFCO

I, William S. Telesco am a registered voter
(Print name)
of San Diego County and own land or reside within the legal boundaries of County
Service Area 107 - Elfin Forest.

Do hereby support the following:

1. The application for the Bridges at Rancho Santa Fe Unit 6 (SPA 01-004, TM 5270RPL, P85-084W, P85-064W) should be denied as per DPLU staff recommendation dated August 25, 2006:
 - a. One of the two stated reasons a biological open space easement was designated in Unit 6 in 1986 was "to answer concerns about visual impacts" (FEIR 3/17/06 G4 response). Allowing the project to go forward would constitute a *breach of trust* with the public since that impact cannot be mitigated for, should housing be allowed on the current buffer agreed to by neighbors as a condition of support of the original project.
2. Vacating this viewshed and biological open space easement would create a dangerous precedent:
 - a. Many community agencies, most notably the San Dieguito Planning Group in their comment letter of August 5, 2005, have expressed concern about what would be a precedent-setting event if the vacation took place. "This sets a very frightening precedent (...). It would open the door for future vacations of hundreds of acres of dedicated biological open space." (FEIR 3/17/06 I16)
 - b. Open space, beautiful views, and nature are defining characteristics of the community of Elfin Forest, with hundreds of acres of open space potentially at risk from development should this vacation occur.
3. Unit 6 as currently described has potential growth inducing effect:
 - a. While the application for Unit 7 has been withdrawn by a letter dated March 4, 2007 from Lennar, the developer has not stated any plans to protect Unit 7 from development in the future by selling it to a land conservancy.
 - b. Without Unit 6 there can be no Unit 7, since the bridge from Calle Ponte Bella is necessary for access to Unit 7. Without a commitment from the Applicant to protect Unit 7, Unit 6 has to be stopped to prevent further growth in the future.

December 4, 2007

Dear Bridges Club Member,

Here at the Bridges, it has been one of our major goals for many years driving range facility, which will no doubt enhance the experience for. The process to gain the necessary approvals for the expansion has been and will continue to require the use of all the resources available to us to accomplish this objective. Fortunately, we are happy to report to all of you that we have reached a major milestone in the process. On Monday, December 3, 2007, we received official notice that we are scheduled for public hearing with the County Planning Commission. We are also happy to report that we have obtained the necessary support. This is great news for all of us!

The following is information regarding the scheduled meeting:

Planning Commission Hearing Date: Friday, December 14, 2007

Time: 9:00 am

Location: Department of Planning and Land Use Hearing Room, 520 Suite B, San Diego, CA 92123

With the Planning Commission Hearing next week it is now time for your help in this process. We have attached a petition which supports our issue. We are requesting that you sign the petition and return it to us by Tuesday, December 11, 2007 to the address below. For your convenience, blank petitions are available at the Concierge desk as well as the Sales Pavilion. If you feel free to deliver your petition to the Concierge or front gate.

Attn: Ken Ayers

County of San Diego Planning Commissioners
c/o Dept. of Planning and Land Use
5201 Ruffin Road, Suite B
San Diego, CA 92123

Members of the San Diego County Planning Commission:

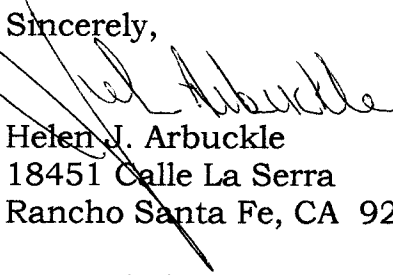

I am writing in support of the recent request by the Bridges of Rancho Santa Fe to create 5 new building sites and provide a modest expansion to the existing driving range.

The proposal, as I understand it, should be approved for the following reasons:

1. It conforms to the low-density character of the existing community and the approved Specific Plan.
2. Five new homes will not significantly adversely impact the existing county infrastructure or the quality of life of the community.
3. Additional habitat conservation contemplated by this application should adequately provide mitigation for the minor habitat impacts of the five lots.
4. The new homes and site design will be consistent with the balance of the community and will provide "shelter in place" dwellings that have been proven safe during the recent fires.

It is my opinion that the quality of development and the overall low density of the Bridges has served and will continue to serve as a model for future development of areas of the county. Your vote will permit a small amount of new quality development while allowing the vision for the Bridges to continue its evolution.

Sincerely,

Helen J. Arbuckle

**RE: THE BRIDGES AT RANCHO SANTA FE PROPOSAL TO
1) EXPAND DRIVING RANGE AND
2) CONSTRUCT FIVE NEW HOMES**

Dear Ms. Loy:

I reside at 3086 Wildflower Drive, Olivenhain, CA in Wildflower Estates, a community adjacent to the Bridges at Rancho Santa Fe golf club and community. I have lived in this neighborhood for seven and one half years.

I am writing to express my support for the proposed expansion to the golf Driving Range, as well as for the proposed five new homes known as Unit 6.

The Bridges has been and is a good neighbor. It is a first rate planned community, which has been planned and executed reflecting the highest possible standards in all aspects, both as to the community itself as well as its surroundings. Its proximity to my home and our development has been an asset to our increased property values and to the area's tax base.

I am able to see the Bridges from my home, and I am not concerned that the expansion to the driving range, as well as the addition of five new homes, will significantly or negatively affect my view. On the contrary, I think the opposite is true. I believe the clubhouse and the golf course have enhanced the view from my home, adding a very interesting component to my vista, and I am confident these additional elements will not significantly eliminate this from view.

The very small area of open space in Unit 6 being converted into five home sites is being mitigated by replacing with four times as much habitat and open space, at a location which is environmentally superior. The five home sites are located entirely within the confines of the Bridges community, have been planned with the highest sensitivity to neighboring properties, and are solely accessed through the Bridges' internal roadways.

For these reasons, I strongly support the Bridges' expansion of the driving range, as well as the creation of five new home sites, collectively known as Alternative C of the proposed project's Environmental Impact Report.

Sincerely,

Joseph M. Ramos

**RE: THE BRIDGES AT RANCHO SANTA FE PROPOSAL TO
1) EXPAND DRIVING RANGE AND
2) CONSTRUCT FIVE NEW HOMES**

Dear Mr. Krietzer:

I am a resident of the Bridges at Rancho Santa Fe. I have been a resident for nearly 6 years.

I am writing to express my support for the proposed expansion to the golf Driving Range, as well as for the proposed five new homes known as Unit 6.

The Bridges is a first rate planned community, which has been planned and executed reflecting the highest possible standards in all aspects, both as to the community itself as well as its surroundings.

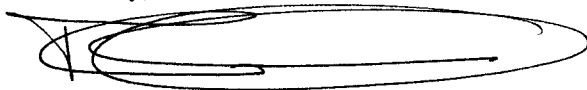

We are very confident that the expansion of the driving range will enhance the golf club. At the same time, the modest addition of five homes will be fully compatible with the surrounding community.

The modest expansion of the driving range will fulfill a missing component of the golf club, enabling the Bridges to reach its full potential as a world-class golf course. Members of the golf club have expressed strong opinions regarding the need for improving the current substandard driving range.

I understand that the very small area of open space in Unit 6 being converted into five homesites is being mitigated by replacing it with four times as much habitat and open space, at a location which is environmentally superior. The five homesites are located entirely within the confines of the Bridges community, have been planned with the highest sensitivity to neighboring properties, and are solely accessed through the Bridges' internal roadways. Additionally, these five new residents will travel past my home daily to access their property and I support these new homes because I feel they will further enhance our community.

For these reasons, *I strongly support the Bridges' expansion of the driving range, as well as the creation of five new homesites, collectively known as Alternative C of the proposed project's Environmental Impact Report.*

Sincerely,

CONSTRUCT FIVE NEW HOMESITES AT
THE BRIDGES @ RANCHO SANTA FE**

As a resident and/or member of The Bridges at Rancho Santa Fe, I enthusiastically support the proposal to expand the Driving Range and construct five new homesites at The Bridges otherwise known as Alternative C of the Environmental Impact Report (applications: TM5270, MUP 85-084W-5, MUP 064-W4, SPA 01-004, SPA 03-006, VAC 03-018, B/C 03-0250, and B/C 03-0221).

The Bridges at Rancho Santa Fe has, from the outset, had a land plan and architecture throughout the community which reflects the highest quality and compatibility with its surroundings. Conversion of one parcel in Unit 6 into five new homesites are a modest change, entirely located within the confines of The Bridges Specific Plan, and is being done with mitigation for all impacts and with the highest possible sensitivity to neighboring properties.

The expansion of the driving range will fulfill a missing component of the golf course, and enable the Bridges to reach its full potential as a complete world-class golf facility. In addition, the golf members really need this improvement.

I encourage you to vote YES on this proposal!

Dear County of San Diego Planning Commissioners,

**I SUPPORT THE PROPOSAL TO EXPAND THE DRIVE
CONSTRUCT FIVE NEW HOMESITES
THE BRIDGES @ RANCHO SANTA FE**

As a resident and/or member of The Bridges at Rancho Santa Fe, I entirely support the proposal to expand the Driving Range and construct five new homesites known as Alternative C of the Environmental Impact Report (application 084W-5, MUP 064-W4, SPA 01-004, SPA 03-006, VAC 03-018, B/C (0221)).

The Bridges at Rancho Santa Fe has, from the outset, had a land plan at the community which reflects the highest quality and compatibility with the conversion of one parcel in Unit 6 into five new homesites. This conversion is within the confines of The Bridges Specific Plan, and is being done with impacts and with the highest possible sensitivity to neighboring property.

The expansion of the driving range will fulfill a missing component of the Bridges to reach its full potential as a complete world-class golf facility. Members really need this improvement.

I encourage you to vote YES on this proposal!

Dear County of San Diego Planning Commissioners,

**I SUPPORT THE PROPOSAL TO EXPAND THE DRIVING RANGE AND
CONSTRUCT FIVE NEW HOMESITES AT
THE BRIDGES @ RANCHO SANTA FE**

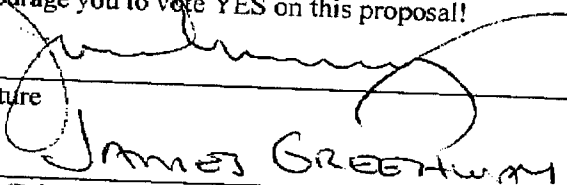

As a resident and/or member of The Bridges at Rancho Santa Fe, I enthusiastically support the proposal to expand the Driving Range and construct five new homesites at The Bridges otherwise known as Alternative C of the Environmental Impact Report (applications: TM5270, MUP 85-084W-5, MUP 064-W4, SPA 01-004, SPA 03-006, VAC 03-018, B/C 03-0250, and B/C 03-0221).

The Bridges at Rancho Santa Fe has, from the outset, had a land plan and architecture throughout the community which reflects the highest quality and compatibility with its surroundings. Conversion of one parcel in Unit 6 into five new homesites are a modest change, entirely located within the confines of The Bridges Specific Plan, and is being done with mitigation for all impacts and with the highest possible sensitivity to neighboring properties.

The expansion of the driving range will fulfill a missing component of the golf course, and enable the Bridges to reach its full potential as a complete world-class golf facility. In addition, the golf members really need this improvement.

I encourage you to vote YES on this proposal!

San Diego, CA 92123

Dear County of San Diego Planning Commissioners,

**I SUPPORT THE PROPOSAL TO EXPAND THE DRIVING RANGE AND
CONSTRUCT FIVE NEW HOMESITES AT
THE BRIDGES @ RANCHO SANTA FE**

As a resident and/or member of The Bridges at Rancho Santa Fe, I enthusiastically support the proposal to expand the Driving Range and construct five new homesites at The Bridges otherwise known as Alternative C of the Environmental Impact Report (applications: TM5270, MUP 85-084W-5, MUP 064-W4, SPA 01-004, SPA 03-006, VAC 03-018, B/C 03-0250, and B/C 03-0221).

The Bridges at Rancho Santa Fe has, from the outset, had a land plan and architecture throughout the community which reflects the highest quality and compatibility with its surroundings. Conversion of one parcel in Unit 6 into five new homesites are a modest change, entirely located within the confines of The Bridges Specific Plan, and is being done with mitigation for all impacts and with the highest possible sensitivity to neighboring properties.

The expansion of the driving range will fulfill a missing component of the golf course, and enable the Bridges to reach its full potential as a complete world-class golf facility. In addition, the golf members really need this improvement.

I encourage you to vote YES on this proposal!
